Packing List

Tribit Home Speaker

Adapter

FM Antenna

User Manual

Warranty Card

Product Illustration

① Sleep Music

② Alarm

③ Backward/Previous

④ Volume - button

⑤ Multi-functional button

⑥ Snooze/Sleep

⑦ Source/Bluetooth

⑧ Light

⑨ Preward/Next

⑩ Volume + button

Set Time

Clock Backup Battery

Connections

Set Time

1. 12Hour/24Hour

2. Time
3. Date

Source Conversion

Bluetooth Connection

1. Convert into Bluetooth mode

-->

FM

1. Listen to FM

2. Tune

3.Scan

5.Save as preset

4.Listen to presets

Warm Tip:

If you want a better radio effect, please insert the provided FM antenna into the device.

6.FM Region Switching

Alarm

1. Alarm On/Off

2. Set Alarm

3. Weekday/weekend/everyday/One day

4. Ringtone

5. Alarm volume

6. Light

7. Ring

8. Snooze

Close Alarm

Sleep Music

White noise --> Seashore--> Light music--> Rain -->Bird-->Off

Light Adjustment

Turn on the light

White-->Music 1-->Music 2-->Light off

1. In the white light mode
Adjust the brightness

Dimmer

Brighter

Adjust the light color

Sleep Mode Setting

15 Min-->30 Min-->60Min-->90Min-->00 Min

TWS Pairing

Connected

FCC Caution

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

* RF warning for Mobile device:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
